Presented by Mario Juarez-Infante, Wilson & Co.

Discussion: Mr. Mario J. Infante presented to the Board a power presentation with the information he will present at the Capital Outlay Request. During this presentation, the Board went over a list of invitees with Mario. They asked Mario to show/depict the phases of the 4th Street multi-purpose pond construction. Mario will be presenting to the legislators, from the ICIP, the City’s top four projects. Also, the date of this event was discussed, and agreed upon to move it from December 11th to either December 18th or January 3rd, the reason being that NMSU will be hosting an event similar to this one on December 11th at about the same time as ours. In order to have attendees who will be representing us at the Capital during Legislative Session, the City and its board members decided to change the date in order to communicate the City’s needs to most, if not all, of its state representatives.

Items for Discussion
Discussion:
Trustee Gonzalez stated the Board was under the impression that the project was from O’Hara to Acosta Road. Mr. Juarez-Infante stated the funding agreement from the Dept. of Transportation stated the pathway lighting was from O’Hara to Acosta, however, this is a general statement to able to acquire the funding. It will take ten (10) more poles to complete the project all the way to Acosta, and that is roughly about $33,800 plus applicable taxes. The contract was issued to Facility Solutions Group at the end of August 2012. Trustee Gonzalez asked why was FSG drilling at Landers and that she wants final figures for additional lights all the way to Acosta. Mr. Juarez-Infante stated they have a stub-out at Landers, and that is the reason for the drilling. Mr. Juarez-Infante suggested he call Mr. Allen Sprinkle and obtain an estimate for the additional light poles and labor to take the project all the way to Acosta, however this must be approved by a resolution by the Board in order to allot additional funding to this project. Mayor Castañeda stated the Board has a special meeting on December 21st and an addendum can be posted to add this item to the agenda. Trustee Scott stated he wants all of these changes in writing in order to know exactly what he is approving as a Trustee for the City.

B. Discussion of City of Anthony franchise fees from Mesilla Valley Disposal. Trustee Gonzalez stated Chaparral and El Paso Disposal utilize the streets in Anthony so they should pay a franchise fee. Trustee Madrid stated that the City could possibly use a different attorney for this issue. Trustee Gonzalez since Mr. Palomares is so busy; it might be a good idea to use a different attorney. Mayor Castañeda stated with Incode the City will have the ability to generate our own billing system. Mayor also stated we will look into the legality of obtaining franchise fees from other disposal companies that come and do trash pick-up in Anthony.

5. ITEMS FROM THE FLOOR – Victor Montoya, in regards to street lights, is concerned about a street light which was moved from an alley between Marquez Street and Archer (on northside). This is a dangerous place to not having any light and it is imperative that a replacement light be installed as soon as possible. Mr. Montoya has seen the new street lights gone up and is very content with that.

6. PUBLIC MEETING
   Items for Discussion
   A. Discussion regarding future plans for the City of Anthony Police Department and the Community Development (Codes Enforcement) Department.
   Discussion: POLICE DEPARTMENT
   Trustee Gonzalez stated we are starting a new year and any issues need to be remedied. She wants to know if Chief Roybal has goals set for the police department. She would like for Chief to make these goals available to the Board. Mayor stated Chief makes the schedule on a monthly basis. Officers take turns working graveyard, etcetera only because the City only has four officers. Trustee Gonzalez asked if the police department was working five or seven days a week because people want to know what kind of coverage they have. Mayor stated each officer works a ten hour shift. Trustee Gonzalez stated she wants coverage from about 7:20AM to 8:00AM in the school zones due to speeders, pedestrians, and basically having community presence. Also, at the bus stop at Adams Ballpark and at the activity bus stops. Trustee Scott stated he attended a meeting with the chamber, and found out the Sheriff’s office will be leaving soon and we will obviously be needing a larger police department. Chief Roybal stated it was impossible to have coverage 24-7 with only four officers. If we have coverage at all school zones, then all officers will be on ‘day shift’ and the ‘night shift’ will suffer. He added that if the department had an additional two officers it would help tremendously. Trustee Scott stated the Board is aware the police department will need more officers and also the Board likes to see
more policing in the City. Trustee Gonzalez asked that the police department make an intense effort to be at the school zones. Chief Roybal informed the Trustees of the radars they will be acquiring for the vehicles, which is eight (8). Trustee Gonzalez stated the Board definitely needs updates; either update the Board or have the Mayor update the Board with this information. Trustee Murillo stated residents ask questions and the Board needs to be able to answer their inquiries. She inquired on their holiday schedule. Chief stated they would not work Christmas but would work New Year’s Eve. Trustee Gonzalez asked how people could call without having to dial ‘911,’ the non-emergency number 526-0795 was given to her by Trustee Murillo. Trustee Gonzalez would like this non-emergency number made available to the public. Trustee Scott asked Chief Roybal what his thoughts were on Mr. Roman, Codes Enforcer, carrying a gun during working hours. Chief stated he would like Mr. Roman to go through some training with the officers. Trustee Scott stated he would feel better if Mr. Roman went through some training. Chief Roybal has an idea for the City being their own fuel provider, it is much cheaper. Trustee Gonzalez asked Chief to attend at least one PTO meeting per year, to make himself visible to the public. Trustee Gonzalez asked if the Chief has been evaluated, Mayor stated he has, she stated a board member should have been present. The ordinance for evaluating department heads will be researched to be clear on this question.

Discussion: CODES ENFORCEMENT
Trustee Gonzalez stated the codes enforcement officers need to do 90% codes enforcement, she is concerned we are not doing as much as we can for the City. There are dilapidated buildings, graffiti, weeds, and more. Mayor stated he respectfully disagrees with the complaint that codes aren’t doing “anything.” In the last two weeks, much work has been done; for trash pick-up, 116 residents have been cited/warned. Trustee Gonzalez is concerned about the car sales on the weekends, and wants an officer to stop at these car sales and enforce the itinerate vendor license. She also stated Mr. Roman needs to get certified and he needs to do an inventory of homes in the City.

Consideration and Action
B. Resolution to increase the budget for the Pedestrian Pathway Lighting Project with an additional $36,250.50 for the installation of ten (10) additional poles plus labor to extend the lighting from Landers to Acosta.
Discussion: Trustee Scott is upset with the fact that now the City must make the adjustment after the Board has approved the $109K under the impression that the project was from O’Hara to Acosta.

7. ITEMS FROM THE ACTING CITY CLERK – No items

8. ITEMS FROM THE MAYOR AND TRUSTEES
Trustee Gonzalez – Hopes that the new year goes better and suggests we put out an RFP for an on-call engineer to help the City.
Trustee Scott – Wants to ensure the Fourth Street Project has no additional hidden fees.
Trustee Madrid – For the transfer of property, a city board member should take care of this.
Trustee Murillo – Since Mr. Roman already has a significant amount of work and so he is not overwhelmed, the transfer of properties should more so be the responsibility of the Trustees. Also, the Board should take care of its employees.
