Mayor Castaneda would request to meet with them to get copies of any maps or other reference material that the city could use for current or future projects.  

Trustee Scott read an article from the Las Cruces Sun-News regarding a line item veto on the 4th Street Project and Municipal Building that had been issued by Governor Susana Martinez.  

Trustee Gonzalez commented that since the city had paid into to the Flood Plan, the city should make a presentation to request flood money.  

Mayor Castaneda informed the Board of Trustees of the various meetings he had attended to this week which included the following:

Mayor Castañeda advised the Board of Trustees that since they had allocated $15,000 in the current FY2011-12 budget, a city vehicle has been ordered through state contract.

Trustee Murillo asked what the plans were for the Adams Ball Park. Mayor Castañeda stated that he had a goal for the ball park and library and he knew that currently the AWD was paying for maintenance and utilities and would continue to do so if the City decided to take over these properties. Mayor would approach the Board of Trustees with a proposal at a later time. Trustee Scott asked when the contract between the park scheduler and County would expire. Trustee Gonzalez stated she would contact Senator Cynthia Nava and School District for use of park for school games. She suggested that if AWD should continue to help with the park and library, would the city forego request on the franchise fee? Police Chief Steven Foldy stated that he had made contact with the groundskeeper and he had stated that he was paid by the county. Trustee Murillo asked to have someone open the baseball park so she could get her community service group to remove the graffiti. Chief Foldy stated that he had some funds through the NM Beautification Grant and could request coordination to get a graffiti removal project.

On another matter, Trustee Murillo asked Mayor Castañeda to call DOT to get the sound barriers painted to remove the graffiti.

Mayor Castañeda discussed his plans for a City birthday celebration. Two options were being discussed for a location for the event, city hall parking lot, (with the approval of Fr. Andres) and Adams Ball Park, (with the approval of the County). This event would have to be self sustained so the city would not incur any cost to have event. Mayor would provide more details at a later date.

Trustee Gonzalez express concern regarding the upcoming expenditures from the county. City Clerk stated that the city had received the first invoice for MRVDA 911 Calls in the amount of approximate $1,600.00 per month. Last projected cost for MRVDA was expected to run about $53,000 per year.

Trustee Gonzalez also asked what the current status of the Fire Department was and what the plans were. City Clerk Gloria Irigoyen stated that we were working on getting a survey map drawn up to be able to submit to the State Fire Marshall with a resolution establishing the Fire Department in the City of Anthony.

Discussion took place regarding meeting with Mr. Patrick Peck to discuss a franchise fee. Such meeting would be discussed after negotiations with Mesilla Valley Disposal were finalized.

Trustee Gonzalez asked that all members of the Board of Trustee get more involved and participate in attending the various meetings due to the fact that it would be difficult for one person to attend every meeting. City Clerk Office:  City Clerk suggested to the governing body that they consider the possibility of starting establishing the Finance Department independent of the City Clerk. Currently the positions for the City Clerk, Deputy Clerk and receptionist were under this budget. The city was growing and there was a great need for the financial department to be established to demonstrate that the city was progressing in focusing on the importance of having financial stability either by hiring a finance office or Finance Director. City Clerk suggested that the governing body consider promoting the Deputy City Clerk to either one of these positions since her specialty was finance and had a master’s degree in accounting. Discussion took place as to the possibility. The following line items under the City Clerk budget were then discussed:
