Professional Engineering Services (CDBG)

RFP 072021-01

Questions & Answers #1

Question- The project descriptions says that design is completed and that these design documents must be used. Can these design documents be made available to the bidders? We would also like to request any studies completed, as the scope of work mentions storm drain installation.

Answer- Yes, we provided the link to the design documents on the City website. The storm drain master plan has also been uploaded.

Question- Study and preliminary design phases are checked in section 2, scope of work. Will these services be needed if design plans are completed?

Answer- Design is complete. Study and preliminary design may be needed if required by the funding agency.

Question- What is the source of the construction funds?

Answer- The source of construction funds is, Community Development Block Grant (CDBG) and local funding.

Question- What is total funding amount for design/construction?

Answer- The total amount budgeted for engineering and construction is \$802,500

Questions- The RFP states that the project is completely designed. Can you disclose what firm designed the project?

Answer- Wilson & Company

Project documents are available on City website under section RFP/BIDS under RFP 072021-01
