4. **PUBLIC MEETING**

- A. Open discussion with city residents.

Mayor Diana Murillo – Trujillo – The purpose of today’s Special Meeting is to discuss the concerns of residents who were in attendance at last week’s BOT meeting. Which was, Nancy Dominici and John Hinkley Street(s). We will focus on the concerns of the conditions of those streets as promised. Today we will discuss plans, possible funding sources and a temporary rehab project to improve the condition of the road, until we can attain more funding to completely reconstruct these streets.

I will entertain discussion from anyone who would like to speak regarding this matter.

Judge Nellie Soriano – I have a few issues I would like to talk about. First, I would like to request speed bumps on my street. The cars drive by really fast, and I am afraid someone will get hurt. Second, I have documentation to defend allegations that were made against me when I wasn’t here to defend myself.

Mayor Diana Murillo – Trujillo – I am sorry, this meeting is specifically for the discussion of Nancy Dominici and John Hinkley street(s). You are welcome to request to be placed on the agenda at the next regular BOT meeting to discuss anything you would like.

Eric Hamilton (Wilson and Co) showed a google street view of the area and discussed the ‘temporary rehabilitation project’ which is a chip seal and has a life span of 5-7 years which will give the City adequate time to get funding for full reconstruction.
