1. PROJECT DESCRIPTION

The City of Anthony is a recent recipient of a Department of Commerce's Economic Development Administration (EDA) grant/match for an Urgent Care in Dos Lagos, a 112-acre site situated in Anthony, NM. The \$1,875,000 EDA investment for the Dos Lagos Healthcare Facility Construction project, will require a qualified health care provider interested in a long-term healthcare relationship.

The new facility, approximately 2,700 square feet, is federally funded to provide high quality care to southern New Mexico and Anthony patients, including but not limited to advanced diagnostic, therapeutic, and rehabilitative services, both on an inpatient and outpatient basis. The selected provider will enter into a 20-year lease agreement as a provider and operator of the Urgent Care facility, while the City of Anthony is the Owner of the facility and real-estate, and will plan and design the facility in partnership with the selected provider.

2. SCOPE OF WORK

Urgent Care scope of services includes inpatient and outpatient diagnosis and treatment. The selected medical provider shall collaborate to provide the best care possible for our patients, to improve outcomes, and achieve the medical provider's mission, vision and goals. The selected urgent care medical provider will develop an urgent care plan (UCP) that best serves the City of Anthony and southern Doña Ana County. The UCP shall define the anticipated types and ages of patients served, the hours of operation, staffing, the types of services provided, and the goals or plans to improve quality of service. For each program or service, the UCP shall define the appropriate professional staff, facilities, and equipment needed to provide the services in a manner consistent with selected Provider's mission.

For each program or service, the UCP identifies types of patient conditions and concerns that cannot be appropriately treated at the urgent care and arranges for appropriate referral and/or transfer for such patients.

The population served at proposed Urgent Care includes all ages regardless of national or ethnic origin, economic status, lifestyle, creed or philosophical beliefs. Patients can expect appropriate procedures, treatments, interventions and care will be provided according to established policies, procedures, protocols and order sets that have been developed to ensure patient safety and positive outcomes. Appropriateness of procedures, treatments, interventions, and care will be based upon patient assessments, re-assessments, and desired outcomes. Respect for patient individual needs, rights and confidentiality will be maintained in accordance with state and federal rules and regulations.

The City of Anthony is the recipient of the EDA Urgent Care funding, and will lead the planning, design, and facility construction. The selected Urgent Care provider will be required to serve on the planning and design team to ensure the facility is aligned with the UCP. The City will own the proposed Urgent Care facility and real-estate and will enter into a long-term lease with the Urgent Care Medical Provider for a minimum of 20-years. The terms and conditions of the lease agreement will be negotiated and presented to the City of Anthony Board of Trustees for consideration and approval. The anticipated date of the Urgent Care certificate of occupancy is anticipated in January 2024.
