5. DISCUSSION

- a.** Discussion on a Resolution Authorizing The City Attorney, Under The Direction Of The Governing Board, To Serve As The Bridge Between The City Of Anthony And American Family Entertainment Centers, LLC And Establishing A Family Entertainment Project Advisory Committee To Support Negotiations, ***Presented by MPT Holguin.***

MPT Holguin read the resolution in full. Discussion followed on the urgency of approving the resolution in order to begin conversations with the developers and expedite the process. The proposed committee would consist of seven members and be led by the City Attorney. While there was agreement to include at least one additional trustee in the discussions with the developer, the Mayor expressed concerns that such a committee structure had not been used in similar situations before. She also noted concerns about excluding staff, who are familiar with policies and procedures, from the committee. Both the Mayor and the City Attorney raised concerns about the size of the committee, cautioning that it could cause delays or discourage the developer from entering into an agreement with the City. Trustee Herrera noted that a similar committee was formed for fact-finding during the Dos Lagos purchase and found it beneficial, though he agreed the proposed committee may be too large. He also advocated for public representation. The City Attorney shared his experience in other municipalities and urged the Board to reconsider the resolution's provisions, suggesting that broader involvement, including public participation, would be more appropriate at

a later stage. For the initial phase, he recommended limiting the committee to the Mayor, the City's engineers, one trustee, and himself. The Board ultimately decided to postpone the item until the following meeting so that the resolution could be revised to reflect these suggestions.

MEMO

September 26, 2025

Re: Sponsorship for the Las Cruces Chamber of Commerce

Background: The Greater Las Cruces Chamber of Commerce is a nonprofit business organization with over 100 years of history, serving Las Cruces and Doña Ana County. Its mission is to promote a strong local economy, advocate for business-friendly policies, and support workforce and community development. It offers networking, education, and advocacy through various committees, including the Doña Ana County Legislative Coalition (DACLC). The Chamber is a 4-Star Accredited organization, recognized as the regional voice of business and a key player in economic and legislative initiatives.

Purpose & Need: Becoming a member of the Las Cruces Chamber of Commerce—especially as a municipality—offers strategic and tangible benefits, particularly because of the Doña Ana County Legislative Coalition (DACLC). Here's a breakdown of why it would benefit your municipality:

1. Legislative Influence & Advocacy (via DACLC)

The Doña Ana County Legislative Coalition is a powerful advocacy group that shapes and promotes regional legislative priorities to state and federal lawmakers.

As a municipal member:

- You gain direct input into DACLC's legislative agenda, ensuring your city's priorities (infrastructure, public safety, economic development) are included.
- You join a unified voice that can influence state funding, grant allocations, and regulatory changes.
- You benefit from DACLC's lobbying efforts without having to build your own costly legislative presence in Santa Fe or D.C.

2. Stronger Regional Partnerships

- Membership connects your municipality with business leaders, other local governments, educational institutions, and nonprofits all focused on improving the region.
- Collaboration through the Chamber and DACLC can help form public-private partnerships (PPPs) for major projects.

3. Economic Development Opportunities

- The Chamber is deeply engaged in economic development supporting business recruitment, retention, and workforce development.
- Your municipality will have early access to economic trends, initiatives, and potential investments affecting your community.
- You can co-lead regional marketing and investment efforts, attracting new industries or employers.

4. Enhanced Visibility and Credibility

- Membership shows your municipality is engaged and proactive in regional affairs.
- It improves and raises your profile with state-level decision-makers and funding bodies.
- Being active in DACLC positions your municipality as a regional leader.

5. Access to Resources, Events, and Data

- Gain access to insights, reports, legislative briefings, and economic data valuable for planning and grant writing.
- Attend conferences, policy forums, and roundtables where municipal officials can network and learn.
- Opportunity for staff or elected officials to serve on committees or task forces, gaining leadership experience.

Summary: Strategic Leverage for Municipal Goals

Joining the Las Cruces Chamber of Commerce and engaging with the DACLC gives your municipality a seat at the table when it comes to regional priorities, funding, and legislative influence. It's a smart move for building partnerships, advancing infrastructure and development projects, and ensuring your community's voice is heard in critical policy conversations.

ANTHONY POLICE DEPARTMENT	ADMINISTRATION
SUBJECT: Command Protocol	NUMBER: ADM 01-10
EFFECTIVE DATE: 08-01-2017	REVIEW DATE: 09-24-2025
AMENDS/SUPERSEDES:	APPROVED: Vanessa Ordoñez Chief of Police
NMMLEPSC STANDARDS:	NMSA:

I. PURPOSE

Department employees should maintain open communications and cooperation with other agencies, not only within the Criminal Justice System, but also in the realm of social services.

II. POLICY

It is the policy of the Department to establish and maintain a positive working relationship with other agencies.

III. LINE OF SUCCESSION

- A. When absences of the Chief of Police, Lieutenant, or Sergeant are anticipated, the Chief of Police will designate, in writing, a supervisor to act on his/her behalf.
- B. Occasions may occur that cause the Chief of Police to be unavailable or unable to perform his/her lawful duties. It is therefore the Department's intent to establish a line of succession. The line of succession is comprised of command rank officers who act on behalf of the Chief of Police.
- C. After the Chief of Police, the line of succession is by rank and seniority in rank.

IV. RESPONSIBILITIES

- A. All employees of the Department are reminded that they work for the public and they are responsible to protect and serve in all areas of public safety.
- B. Employees often encounter people who are in need of services from one or more of the local social service agencies. Although these problems may not be of a criminal nature, employees are encouraged to make every effort to determine the needs of the individual and assist in obtaining help.
- C. Because all criminal justice and social service agencies must work together, each employee is responsible for acting in a courteous and professional manner when in contact with other criminal justice and social service agencies.

V. REFERRALS

- A. Department employees, in the course of performing their duties, often encounter people in need of a type of help best provided by another criminal justice agency or a social service agency.
- B. All officers are expected to be familiar with the application of New Mexico State Law and City Ordinances as it applies to problems arising within the community. In dealing with problems presented to the officer, the determination of whether the problem is of a criminal nature or of a social or civil nature is made by the officer.
- C. Referrals to other agencies should be based upon specific criteria:
 - 1. Nature of the problem;
 - 2. Type of help or remedy required;
 - 3. Identification of the agency best suited to provide the necessary remedy.
- D. Juvenile problems or safety concerns should normally be referred to and handled by the Children, Youth and Families Services, the Juvenile Probation Parole Office and/or the Department of Human Services.
- E. Adult criminal nature problems should be handled through either the District Attorney's Office or the determination of which office to refer to should be based on the type and degree of the crime.
- F. Problems which are determined to be of a civil nature should be referred to Magistrate Court or District Court as applicable.
- G. Issues which could be deemed a social problem should be referred to a variety of services and resources which are available in Dona Ana County. Employees should maintain a working knowledge of the available services and resources to expedite the referral process.
- H. At times, a situation may require an officer to transport individuals to a social service agency, arrange for transportation, or arrange for a representative of the agency to come to their location. In these situations, employees should cooperate fully with all social service agencies, if possible.

VI. JOINT INVESTIGATIONS

- A. At times, during the investigation of a major crime or the search for a fugitive, two or more law enforcement agencies may be involved, and employees must work together with these agencies for the benefit of all involved agencies.
- B. When a call is received requesting immediate emergency assistance by another agency operating within the City limits, the requested assistance shall be dispatched, and the appropriate supervisor notified.
- C. When calls for assistance outside the City limits are received the appropriate supervisor shall be immediately notified. The supervisor determines to what extent the Department will honor the request.

When a joint investigation is conducted with another law enforcement agency, the Investigator maintains a liaison with the outside agency. Outside agencies requesting non-emergency assistance shall be referred to the Sergeant, Lieutenant, or Chief of Police.

- D. When Department personnel and personnel from outside agencies are working together on a police operation, the highest-ranking Department supervisor(s) coordinates with the highest-ranking outside agency supervisors(s).
- E. Department personnel shall not be placed under the sole command of an outside police agency.
- F. At the scene of a major incident, the ranking Department uniformed supervisor assumes command of, and is responsible for, all uniformed Department officers. The ranking investigative supervisor assumes command of, and is responsible for, investigative personnel. If only one supervisor is present, that supervisor shall assume overall command of, and is responsible for, all officers until or unless relieved by a higher authority. When an investigator is at a crime scene, he/she assumes command of, and is responsible for all personnel.
- G. The Supervisor of each involved division shall be kept informed on the status of any joint investigation.
- H. If the joint investigation deals with a crime which occurred outside the Department jurisdiction and a Department employee needs to file a report for his/her role in the investigation, a supplemental report detailing the officers' involvement shall be completed and approved by a supervisor and submitted to that agency through the Records Division.
- I. If the joint investigation deals with a crime which occurred within the Department's jurisdiction, a Department employee shall file the appropriate criminal report.

NOTE: If a City employee or City Official is involved in any type of criminal or civil issue, with the exception of minor traffic violations, an outside law enforcement agency will be called to handle the case. At no time will the Anthony Police department handle any case, with the exception of minor traffic violations, involving a City employee or City Official. Any minor traffic violation issued by the Anthony Police Department to a City employee or City Official shall be filed and prosecuted in the Magistrate Court.
